

## **Follow the Money**

tune: Beer Barrel Polka

Revised March 2011 by the Raging Grannies of Madison, WI

Original lyrics by Vicki Ryder

**Follow the money, to see why we go off to war,  
Follow the money, it's not freedom we're fighting for;  
Follow the money, it leads to those corporate whores --  
Who keep on bombing Afghanis, so Halliburton can get more!**

**Pfizer and Wal-Mart, Bechtel, and Koch brothers, too,  
Reap all the profits, and don't give a fig about you!  
While folks go hungry in Wisconsin and New Orleans,  
They're at home counting their money, to support their war  
machine!**

**Follow the money – it all leads to corporate greed;  
The poor and the homeless – when will they get what they need?  
Big money interests dictate our nation's war plans –  
Now's the time to take back our country, and give folks a helping  
hand!**

**Stick with the unions, give them the boost that they need,  
To hell with the banksters who suffer from terminal greed!  
We've got to stop them, and all those who profit from war --  
Yes, we will follow the money; let's buy peace instead of war!**
