

CLIMATE CHANGE

Tune "Baby Face"

Lyrics by Marjorie Matthews (Madison,WI, Raging Grannies)

Climate Change, We've got to slow the rate of climate change
The situation's one of urgency/ emergency
/With short-sighted thinking/ We'll see all coastlines sinking

Climate Change, Good science tells us about climate change
We need to cut down use of fossil fuels, Set up new rules
/Fracking gas and oil/ will make the planet boil

Climate Change,
Our kids and grandkids need a healthy place to live
Sustainability requires you and me
To take drastic action now
To slow down climate change
The planet cannot wait for us to change
Depend on energy from wind and sun, it must be done
/To outrun disaster/ we must act fast and faster

Climate Change,
Our kids and grandkids need a healthy place to live.
Sustainability requires you and me
To take drastic action now.
