

Railroad Song (I've Been Working for the High-Speed Train)

tune: I've Been Workin' on the Railroad

lyrics by Helen Findley and Glen Benjamin

Raging Grannies are conspiring to save our high-speed train.
Scott, don't be so very stubborn to make it all in vain.
Listen to our conversation — our arguments are sound!
If you use good sense and reason, you'll surely come around.

Wisconsin, don't you blow it.
Walker, don't you know it?
Wisconsin needs more jobs today!

Wisconsin don't you blow it.
Wisconsin don't you blow it.
Build this high-speed rail we say!

Someone's in the kitchen with Walker.
Someone's in the kitchen I know.
Someone's in the kitchen with Scottie,
Helping the banksters grow!

And singin'
Fee Fie Fiddly-i-o,
Fee Fie Fiddly-i-o ho ho ho
Fee Fie Fiddly-i-o...
Helping the banksters grow!
