

The Recall Song

tune: My Bonnie

lyrics: Mary Sanderson & Metje Butler

Our jobs have gone over the ocean
The fact'ries they've taken o'erseas
The guvnor is sorely mistaken
Wisconsin won't drop to her knees.

Chorus!

Recall! Recall ! Recall Scott Walker somehow, right now
Recall! Recall! Recall Scott Walker right now!

Collective bargaining's basic
For it // our grandparents died
Here's putting the guvnor on notice
Workers' Rights are Wisconsin's Great Pride

Repeat Chorus
