Key of E, start on B

tune: John Brown's Body

Adapted by Susan Bickley from the Granny classic "Move On Over"

## *Chorus:*

Move on over, Walker, or we'll move on over you,  
Move on over, Walker — we're the Grannies coming through,  
Move on over, Walker, we are having you recalled —  
We're the Granny Union Brigade!

- 1 You **started** with the **teachers** and moved **on** to nurses, too;  
EMT's and SNOWPLOW **DRIVERS** were not **good enough** for you.  
You **used** your bully **pulpit** to **abuse** our unions strong —  
You **started** out all wrong!

## *Chorus:*

- 2 Next will come the **banksters**, and the **selling** of our state  
To the **corporate** polluters — you **will** not **hesitate**,  
We **see** it in your **budget** plans: the **ruin** of our state,  
We're **not** gonna **take** it any more!

## *Chorus:*

- 3 You snuggle UP to mining MAGnates, and cast OUT the tribal DRUM,  
Maybe YOU just don't drink WATER, but all LIVING things need SOME;  
PeNOkee must be SAVED // and our SCHOOLS and HEALTH care TOO  
Scott WALKer we're DONE with YOU!

## *Chorus:*
