

Watch Him Stew

Tune: Three Little Fishies

Lyrics: Doleta Chapru

Down in the capitol protected by a guard

Scott Walker hides away - from employees who work hard

To serve the people of our state and educate our kids.

Now Walker wants to put our union workers on the skids.

CHORUS:

Picket Walker's hideaway and watch him stew. (3x)

His fat-cat contributors aren't working for you.

[Chorus can be used for marching.]
