

Oh, Scott Walker

Key of C, Start on C

Tune: Oh, Susanna

Lyrics: Kathy Miner, Madison Raging Grannies, April 2011

- 1 I had a dream the other night,
The Capitol was still,
I thought I heard Republicans,
A-sneaking through a bill.
But the law says no, you can't do that,
You have to give us time
To read the bill, and know what's there,
And make you toe the line.

Chorus:

Oh, Scott Walker, now don't you mess with me,
I come from all Wisconsin with a sign for you to see!

- 2 Now fourteen punky Democrats,
To Illinois had sped,
To stop the vote, or so they hoped,
So quick good-byes they said.
When they came home, the people cheered,
Heroes they were called
They bought us time to organize,
And gather in the halls.

Chorus

- 3 Well, it snowed all day that Saturday,
The people didn't care,
Their cause so hot, it kept them warm,
There was a rally there!
Now I come from all Wisconsin
With a ballot in my hand
And I say to you Republicans
I'm gonna take a stand!

Chorus
