

## Were You Mad?

Author: Vicki Ryder, revised by Kathy Miner & Rebecca Alwin

Tune: "Billy Boy"

Were you **mad** when all our **taxes**  
Went to **fund** a senseless war?  
Were you **mad** when they **didn't** shut down Gitmo?  
Were you **mad** when they used **torture**,  
Or our **jobs** went over**seas**?  
*NO! You're mad 'cause more people will get health care.*

Were you **mad** when our **surplus**  
Turned into a deficit?  
When we **spent** more than a **trillion** on the wa-ars?  
When our **schools** were going bankrupt  
While the **fat-cats** got bailed **out**?  
*NO! You're mad 'cause more people will get health care.*

Were you **mad** when banks and **companies**  
Kept **piling** up the dough,  
While we **lost** our jobs, our **health** care, and our **pensions**?  
When "**deregulation**" meant that  
People's **houses** got foreclosed?  
*NO! You're mad 'cause more people will get health care.*

You c'n **call** us **socialists**  
Or call us **any** name you like,  
But we **Grannies** know the **truth**, and that's for su-ure,  
We could **pay** our nation's debts  
And get **everyone's** needs met  
If it weren't for corporate **wealthfare** and those **wars**.

When the **people's** needs are met,  
The-en **you** can surely bet  
That **we won't** be MAD (we'll all be glad!) when **everyone** has  
**health** care!
