

How Much Will Those Legislators Cost Me? (Foxconn)

Tune: How Much is that Doggie in the Window?

Lyrics: Shelia Plotkin

1st CHORUS: How **much** will those **legislators** cost me?
The **ones** with the **extended** hands
Putting **cash** in their **coffers** works like magic
When I **pay** them, they meet my demands.

I am **Foxconn**, I **need** a lot of water
But the **locals** don't like **damaged** up lakes
So I **did** what some say I shouldn't **oughta**
'Cuz I know what **lawmaking** takes

2nd CHORUS: How **much** did those **legislators** cost me?
Their **laws** say I don't **have** to tell
But, **watch** as your **lake** becomes a mud hole
And **you** need to **drill** a new well.

I'll **plunder** your water. You can't **stop** me.
The **GOP's** **mine** for a buck.
Thanks to **all** of my **legislative** minions,
I've got **water**, and **you've** got the muck.

3rd CHORUS: How **much** have those **legislators** cost me?
I'm still paying out **on** the sly
I **will** do just fine til **you** **replace** them
With **those** whom my **money** can't buy.
