When you **stand up** / yeah we **know** we're gonna be
We're gonna **be** the ones who **stand** up next to ↑ you
When you're **walking** / well we **know** we're gonna be,
We're gonna **be** the ones who **walk** along with ↓ you
And when you **speak** out / yeah we **know** we're gonna be
We're gonna **be** the ones who're **speaking** out with ↑ you
When you are **marching** / when you are **marching** for your lives
We're gonna **be** the ones who **march** right next to you

And **we** will march 500 miles
And **we** will march 500 more
And **every** step's for **gun** control
So **no** more guns come **through** your doors When you're dis-

couraged / and the **NRA** seems strong
We're gonna **be** the ones who **rally** around ↑ you
And when you're **dreaming** / about how **safe** your schools can be
We're gonna **be** the ones who **dream** along with ↓ you
When we **go** out (when we go out) well we ↑ **know** we're gonna tell
We're gonna ↑ **tell** the whole wide **wo-orld** about ↑ you
And when it's **all** done (when it's all done), and it's **gun** control you've won
We're gonna **be** the ones who **celebrate** with you

And **we** will march 500 miles
And **we** will march 500 more
And **every** step's for **gun** control
So **no** more guns come **throu-ough** ↓ you-our ↓ do-o-ors
