

INFRASTRUCTURE

tune: London Bridges

lyrics by Joy Morgen, Raging Grannies of Madison, WI

Gmaj.+1

1. Crumbling bridges in each state,
Are not great,
Engineers relate.
Falling down could be the fate,
So, let's fix 'em!

2. Roads have potholes deep and wide,
Your front tire
Could fit inside.
You will have a bumpy ride,
Till we fix 'em!

3. Water is a wondrous thing!
Gives us life!
Makes us sing!
Old pipes fill with toxic swill,
Till we fix 'em!

4. Harbors, airports, schools and trains,
Need repair,
To sustain
Safety for our citizens,
So, let's fix 'em!

Yes, Let's fix 'em!
