

## Put your Finger in the Air

Tune: If You're Happy and You Know It

Lyrics: Paula Rochelle, modified by Madison Grannies

Put your finger in the air, in the air,  
Put your finger in the air, in the air,  
Put your finger in the air, be **politically** aware  
Put your finger in the air, in the air

Put your finger on your **ear**...social justice we hold dear

Put your finger on your **cheek**...fair voting is what we seek

Put your finger on your **nose**...health care for profit really blows

Put your finger on your **chin**...green energy **is** a win

Put your finger on your **hip**...abortion care we won't let slip

Put your finger on your **wrist**, on your **wrist**...We are **old** and we are pissed

Put your finger in the air in the air  
Put your finger in the air in the air  
Put your finger in the air, We're **together** and we care  
Put your finger in the air, in the air!
