

Abortion Rights

C + 2

Tune: *Battle Hymn of the Republic*

Adapted from Vicki Ryder's lyrics by Marjorie Matthews, Raging Grannies of Madison WI

We're the Raging Grannies and it's turning our hair gray
These legislative plots to take abortion rights away
Our mothers fought these battles, now we fight again today!
Not one step back! No way!

Women get to make our choices
The right wing cannot steal our voices
Women and their doctors have the final right to choose
Not one step back! No way!

They want to take us back in time, take women's rights away
Ignore the 50 years we've had since courts heard Roe v Wade
But this is settled law and it should not be stripped away
Not one step back! No way!

No more dying in back alleys, *[optional: wave hangers]*
We'll keep raging in these rallies
Until we stop these crazy schemes against abortion rights
Not one step back! No way!

We've got to stand together, all who champion this cause
Stand firm upon the solid ground that undergirds our laws
Each woman's right to choose must be maintained at any cost
Not one step back! No way!

Women get to make our choices
The right wing cannot steal our voices
Women and their doctors have the final right to choose
Not one step back! No way!
