

## Our Favorite Things

Tune: 'My Favorite Things' from *The Sound of Music*

Lyrics: Sheila Plotkin, Raging Grannies of Madison & Dane County

**Clean** air and **water** are **precious** and **fleeting**  
**Mining** and **fracking** give them both a **beating**  
**Earth** cannot **make** it if **we** clip her **wings**  
This **planet** is **one** of our **favorite things**. ↓

**Voting** that's **easy** and **fair** and **inclusive**  
**We** can't **allow** them to **make** it **exclusive**  
**Ballots** should **come** without **trapdoors** and **strings**  
**Voting** is **one** of our **favorite things** ↑...

/ On the **far right** / **common sense blight**  
/ Where **corruption rules**  
**We know** what they're **up** to and **what** they're about  
**Cuz Grannies** are **no o-one's foo-ools** ↓ ...

**Women** are **grownups** with **health** care decisions  
**Toss** out the **right** wing/ **pompous** revisions  
**Banish** the **old** ways to **which** The Right **clings**  
**Women** are **one** of our **favorite things**. ↓

**Our** social **contract** will **soon** be in **tatters**  
**Health** care and **schooling** are **not** private **matters**  
**America** **needs** what the **public** good **brings**  
**People** are **one** of our **favorite things** ↑...

/ On the **far right** / **common sense blight**  
/ Where **corruption rules**  
**We know** what they're **up** to and **what** they're about  
**Cuz Grannies** are **no o-one's fools!**
