Lyrics: Doleta Chapru

Five **judges**, five **judges**, five **judges** I cry
They've **spun** our **elections** toward what **money** can buy.
Judge **Thomas**, Judge **Alito**, and **Judge** Kennedy
Judge **Scalia**, Judge **Roberts**
Screwed **dee**-mocracy!

The **fears** of our **founders** have **now** come to pass
So **power** and **wealth** rule the **e**-lected class
Corporations have **money** and **money** is speech
Now **honest** elections are **clear** out of reach.

Judge **Thomas**, Judge **Alito**, and **Judge** Kennedy
Judge **Scalia**, Judge **Roberts**
Screwed **dee**-mocracy!

Now **clandestine** **donors** **determine** who runs
By **launching** **attack** ads with **corporate** funds
So **lobby** your **reps** to **reform** our campaigns
Keep **corp'**ratist **fund**ers off **election** domains!

Judge **Thomas**, Judge **Alito**, and **Judge** Kennedy
Judge **Scalia**, Judge **Roberts**
Screwed **dee**-mocracy!
