

Change is On the Way

Tune: We Shall Not Be Moved

Lyrics: Sheila Plotkin, Raging Grannies of Madison & Dane County

1 We're **singing** for our **future**, this **HOPE-TIMISTIC** song
It's **hope** that we **nurture**, our **optimism's** strong
We're on the **move**, envisioning a **bright new day**
Change is on the way.

CHORUS: Change is **coming**, change is on the way
Change is **coming**, change is on the way.
We're on the **move**, envisioning a **bright new day**
Change is on the way.

2 We'll **vote** for our **sisters**, **and** restore their choice
We'll **gun-proof** our **children**, and **amplify** their voice
We're on the **move**, envisioning a **bright new day**
Change is on the way.

3 We'll **vote** for green **energy**, our **votes** can save the earth
Give **each** child a **healthy** life, **we** know what that's worth
We're on the **move**, envisioning a **bright new day**
Change is on the way. **CHORUS**

4 We are the **deciders** and **this** is the hour
Our **votes** decide our **future**, **we're** the ones with pow'r
We're on the **move**, envisioning a **bright new day**
Change is on the way.

5 We're **gathered** here **together** for **our** democracy
Community **united**, **determined** to be free
We're on the **move**, envisioning a **bright new day**
Change is on the way. **CHORUS**
