

There's No Business Like War Business

Tune: There's No Business Like Show Business

Lyrics: NYC Metro Raging Grannies & daughters, revisions by Grannies of Madison, WI

There's **no** business like **war** business
The **arms** spending just **grows**
Never mind the homeless and the **hungry**
Never mind the needs of dads and **moms**
Nowhere can you get that special **feeling**
As when you're **dealing** in tanks and bombs!

There's **no** business like **war** business
The **worst** business we know
U.S. corporate profits going **through** the sky
They **multiply**
While **children die** (*very soft and sad*)
This money could buy food and clothes and **good** health care
For **everyone** in the world (*tone rising*)
For **everyone** in the world (*tone falling*)
