

This Old Gray Granny

Tune: The Old Gray Mare

Lyrics: Originals by Vicki Ryder 2010; revised by Madison WI Raging Grannies

This ... old gray Granny ain't what she **used** to be
Had a hysterectomy, **needs** a colonoscopy
But **she** can't afford to **pay** for her **care** and so ...
What **can** we do for **Granny** now?

'Cause **where** is she **supposed** to go
When she doesn't **have** the dough?
She **dare** not get sick **without** good **insurance** so ...
What **can** we do for **Granny** now?

This ... old gray Granny splits all her **pills** in half
Drug companies just laugh; **profits** are **off** the graph!
But **Granny** can't afford to **pay** her **deductible** ...
What **can** we do for **Granny** now?

Big **Pharma** ads are **everywhere**
High-paid C-E-O's don't care;
Granny needs a **plan** to **help** keep her **healthy** with
Coverage that's **complete** and fair.

This ... old gray Granny now needs a **test** or two
Her **boob** has a **lump** that's new, but **what's** she **supposed** to do?
She **can't** pay the **bill** so she'll **just** have to **muddle** through ...
What **can** we do for **Granny** now?

Keeping **Granny** healthy **is** the goal,
With **care** for **body** and soul
Granny **needs** a **plan** to **give** her some **peace** of mind ...
That's **what** we want for **Granny** now!
That's **what** we want for **everybody** now!
