Tune: If You're Happy and You Know It

Lyrics: Paula Rochelle, modified by Madison Grannies

Put your finger in the air, in the air,

Put your finger in the air, in the air,

Put your finger in the air, **Be politically aware**

Put your finger in the air, in the air *(sing remaining stanzas in same pattern)*

Put your finger on your **ear** ... Social **Justice** we hold dear

Put your finger on your **nose** ... Healthcare for **profit** really blows

Put your finger on your **chin** ... Refugees we welcome in

Put your finger on your **boob** ... Don't **believe** FOX on the tube

Put your finger on your **hand** ... Fair elections we demand

Put your finger on your **arm** ... Please support our **local** farms

Put your finger on your **hip** ... Abortion **care** we won't let slip

Put your finger on your **knee** ... There **is no** Planet B

Put your finger on your **wrist** ... We are **old** and we are pissed

Put your finger on your **cheek** ... We must **be** the change we seek

Put your finger in the air in the air

Put your finger in the air in the air

Put your finger in the air, **We're together and we care**

Put your finger in the air, in the air!
