

Believe in Non-Violence

Tune: I've Been Working on the Railroad

Lyrics: Rebecca Alwin

We're **believers** in **non-violence**
The **best** way to **make** change
We're **together** in **resistance**
Hist'ry **proves** it **works** long range

Can't you **see** that wars are **failing**
They **make** more enemies
Can't you **hear** the people **wailing**
Help us **live** in peace!

Everyone unite
We can make things right
Value all humanity
People need goodwill
Love of peace instill
Funding war is a travesty

The **Pentagon** is **overfunded**
Weapon **contracts out** of contro-ol
Combat **spending** is **way** too high
Let **diplomacy** make us whole.

Because the
Pentagon is **overfunded** (quietly)
Weapon **contracts out** of contro-ol
Combat **spending** is **way** too high (crescendo)
Peacemaking needs the **leading** role!
