

Hands Off! Our Social Security

Tune: My Bonnie Lies Over the Ocean

Lyrics: Ricki Sajbel, Raging Grannies of Madison

*Start with **CHORUS**:*

Hands off, **hands** off, **hands** off our **Social Security**,
Hands off, **hands** off,
Let's **stop** Elon's **mad** cutting spree!

When **governments work** for the **people**
Things **really** can **function** quite well,
With **learning** and **health** care included
Instead what we've **got** is just **HELL!**

CHORUS

That **money** is **ours** and we **earned** it
By **working** most **ev-e-ry** day,
We **won't** let some **evil** guy **take** it
And **line** his own **pockets** that way!

CHORUS

The **Prez** wants to **tear** down our **country**,
And **get** rid of **all** safety nets
He's **gutting** our **public-good** **programs**
While **increasing** the **national** debt! // **So!**

CHORUS
