We love you **scientists**, Oh **yes** we do-o,  
And we love **researchers**, hunting for clu-ues.  
You're always **in** pursuit // of **what's true** --  
Oh, scientists, we love you!

We love the **botanists**, the **chemists** to-oo,  
Microbi**olog**ists, to name a few-ew.  
Hey there **geologists**, **what's new**?!  
Oh, scientists, we love you!

We love **astronomy**, and **physics** to-oo,  
And entom**ology**, it's tru-ue  
Me-te-or-**o-lo**-gy, **who knew**?!  
Oh, scientists, we love you!

We **thank** you **scientists**, oh **yes** we do-o,  
We cannot **name** you all, **boo** hoo-oo!  
We would be **here** all night, in **this queue** –  
Oh, **scientists**, we ... **love** ... **you**!!
