Original lyrics: Kay Thode & Vicki Ryder, modified by Madison Grannies  
Tune: She'll Be Comin 'Round the Mountain

Oh, we're **radical environmentalists**  
Yes, we're **radical environmentalists!**  
We like **clean** air and clean **water**  
And **renewable** forms of **power**  
Oh, we're **radical environmentalists!**

*Yee-hah!*

We **sure** would like to **keep** the EPA  
**Corp'**rate **interests** want to **throw** it all away!  
And we **must** preserve our **public** lands  
The **administration's** **out** of hand --  
We're **radical environmentalists!**

*Oy, vey!*

Oh, we **like** our **veggies** **without** pesticides  
And our **food** without those **hormones** placed **inside**  
We like fish **that don't have** PCBs  
And **forests** that still **have** some trees  
We're **radical environmentalists!**

*You bet!*

Oh, we **like** to have our **food** grown locally  
And not **shipped** from far **away** or **overseas**  
In **Wisconsin** we love **fam'**ly farms  
And **practices** that **do** no harm  
We're **radical environmentalists!**

*Right here!*

**We ... can't** just stand and **watch** as / Our **planet** has hot **flashes** – [*Fan selves*]  
**We're such** radical **environmentalists!**
