

## **The Bear Went Over the Landfill**

Metje Butler, Madison Raging Grannies, 2/17/09

The bear went over the landfill  
The bear went over the landfill  
The bear went over the landfill  
To see what he could see.

    To see what he could see,  
    To see what he could see.

He saw another landfill  
He saw another landfill  
He saw another landfill  
And thus, too, so shall we!  
    Trash and junk will be  
    As far as the eye can see!

Try not to fill up the landfill  
Try not to fill up the landfill  
We need to think how to recycle  
“Throwing away” is not “gone”!  
    Throwing away is not gone,  
    Throwing away is not gone.  
Repair it, reuse it or give it  
“Throwing away” is not “gone”!

So be a jolly good fellow,  
Keep your stuff out of the landfill,  
Let’s all work to recycle,  
And so say all of us!
