

## **Radical Environmentalists**

Revisions by Vicki Ryder and Barbara Barton for BobFest, 2010

Tune: She'll Be Comin 'Round the Mountain

Oh, we're radical environmentalists  
Yes, we're radical environmentalists  
We like **clean** air and clean water  
And our beaches without tarballs  
Oh, we're radical environmentalists!

Oh, we like our veggies without pesticides  
And our food without those hormones placed inside  
We like fish without PCBs  
And forests that still **have** some trees  
Oh, we're radical environmentalists!

We want power that can always be renewed  
With communities in control we ain't no fools!  
And we'd rather see those windmill blades  
Than nuclear plants in the Everglades  
We're radical environmentalists!

We like vehicles that truly don't pollute,  
And for public transportation let's all root  
We like lawns grown without Weed 'n Feed  
And Gardens without those gene spliced seed  
Yes, we're radical environmentalists.
