

The Best Democracy Money Can Buy

Key of D, Start on D

Tune: "99 Bottles of Beer on the Wall"

Lyrics © by Vicki Ryder (2010)

Did you ever wonder why our **health** care is in doubt,
Why **rich** folks have the Cadillac plans and **poor** folks go without,
Why **all** the news that's fit to print is **nothing** but corporate lies?
It's 'cause... we've **got** the best democracy that **ever** money can buy.

Did you ever wonder why we **keep** on startin' wars,
Why **poor** folks' kids are sent to die while **CEOs** make more,
Why **votes** are counted up by those who **sell** the voting machines?
It's 'cause... we've **got** a corpora**TO**Cracy – **thanks** to the Supremes.

Did you ever wonder who will **run** for office since
Supreme Court lifted limits – it **really** makes us wince.
The **rich** will buy the candidates, and **if** you wonder why,
It's 'cause... we've **got** the best democracy that **ever** money can buy.

Those with all the money now will **run** the whole damn show
And **if** we dare to disagree they'll **tell** us where to go.
'Cause **money** buys the Congress, and **that** you can't deny.
We've **got** the best democracy that **ever** money can buy.
