

# Cheap Fuel

Key of G — Start on B

(Tune: "Has Anybody Seen My Gal")

Lyrics by Casey Garhart, Madison

Heat the house  
Buy more gas  
Gotta hope the oil wells last  
Has anybody found **cheap** fuel?

Drive to work  
To the store  
We need more and more and more  
Has anybody found **clean** fuel?

No one pays fines  
Men die in mines  
Looking for coal  
Fish get sick  
The gulf is slick  
Black oil washes o'er the shoal

Use the wind, use the sun  
Can't go on as we've begun  
That's the way to find **cheap** fuel.

*(solo line — Barbara)*

That's the way to find **clean** fuel.

*(solo line — Barbara)*

That's the way to find **safe** fuel.
