

Move On Over, Walker

tune: John Brown's Body

Adapted by Susan Bickley from the Granny classic "Move On Over"

Revised by Bonnie Block, Glen Benjamin, and Kathy Miner, March 2011

Chorus:

Move on over, Walker, or we'll move on over you,
Move on over, Walker — we're the Grannies coming through,
Move on over, Walker, we are having you recalled —
We're the Granny Union Brigade!

You **started** with the **teachers** and moved **on** to nurses, too;
EMT's and snowplow **drivers** were not **good enough** for you.
You **used** your bully **pulpit** to **abuse** our unions strong —
You've **started** out all wrong!

Chorus:

Then **in** will come the **bankers**, and the **selling** of our state
To the **corporate** polluters — you **will** not **hesitate**,
We **see** it in your **budget** plans: the **ruin** of our state,
We're **not** gonna **take** it any more!

Chorus:

NOTE: Do not pause after "the selling of our state", but continue right to the next phrase ("The selling of our state to the corporate polluters")
