

Roll Out the Recall

tune: Roll Out the Barrel

new lyrics by Frank and Mary Koczan

sung by Solidarity Singers in Madison

Roll out the recall...

Oh, Scotty, we'll show you the door!

Roll out the recall...

Yes, Scotty, you'll be "Guv" no more!

Zing! Boom! You're history!

The recall will make that quite plain.

Along with beer you share a future...

You're going down the drain!

Roll out the recall...

Kapanke and Hopper went ... pfft!

Roll out the recall..

And like them you'll soon be... kaput!

Just like those losers..

You're going to cry in your beer.

We'll oust you from the "Guv-nah's" mansion.

You're so out-of-here!

Recall Scott Walker...

Give him a kick in the rear!

Recall Scott Walker...

Toss him right out on his ear!

Recall will show him...

He's going to serve just one year!

He's not going to see the White House

His career ends here!
